**828 SPRINGS INTO FASHION WITH INDOOR/OUTDOOR COLLECTION**

**GREENVILLE, SC, March 1, 2007**—Spring is right around the corner and 828 International is ready with *Nuance*, a collection of beautifully patterned rugs that brighten up the indoors — and the outdoors.

Included in the *Nuance* launch are 10 organically inspired rugs, featuring variations of leaves and flowers in lush earthen shades. Each is hand-hooked of polyacrylic with a polypropylene backing, making them a maintenance-free, mold-and-mildew-resistant choice for sunrooms, porches and decks.

Aside from being one of the few patterned outdoor collections in the industry, *Nuance* comes in size/shape offerings rarely seen in weather-resistant rugs. Standard sizes come in 8' rounds, 20" x 50", 5' x 8', and 8' x 10' and are affordably priced at \$199 for a 5' x 8'.

828 International rugs can be seen year-round at their permanent showrooms in New York at 295 Fifth Avenue / Space 1112 (212-481-1960) and at the AmericasMart in Atlanta / 6F1 & 3 (404-220-2980).
